There is no limit on how many varieties one can order; however, some are in extremely limited supply. The HSA Seed Exchange opens to members January 2008 and to non-members March 1, 2008. No orders are accepted after November 1, 2008.

Seeds are collected and cleaned by dozens of our members. We try to verify names, but we cannot ensure 100 percent germination or colors as stated. *If we have sold out seed packaged for 2008, we will send seed packaged for 2007 if available.* We do not knowingly ship seeds considered to be noxious weeds.
